The Central Ohio Alpine Ski Troop (COAST) was founded in 1989 in Columbus, Ohio. The purpose of this organization is to promote the sport of skiing among minorities with an emphasis on youth and to enhance the sport of skiing through community involvement, group participation and educational seminars. COAST is an affiliate of the National Brotherhood of Skiers (NBS).

The National Brotherhood of Skiers (NBS) came into existence when Ben Finley, President of 4 Seasons West Ski Club of Los Angeles was introduced to Art Clay, Trip Director of the Snow-Gophers Ski Club of Chicago. Finley and Clay conceived the idea of bringing together all of the predominately black ski clubs, at a destination resort, for a week of skiing and socializing. This event, "The Happening", now known as "The Summit" took place in Aspen Colorado in 1973.

On Thanksgiving weekend of 1973, in Salt Lake City, at a meeting of ski club leaders someone proposed that the primary purpose of a national organization be—to place a black skier on the U.S Ski Team."

Thus, "The National Brotherhood of Skiers" was chartered in 1974 by the founding ski clubs. The organization was incorporated as a non-profit Illinois corporation in 1975. The mission of the National Brotherhood of Skiers, Inc. and its' affiliates are to:

- ❖ Promote skiing within the African American communities around the nation
- ❖ Find, select and fund high potential youth who have the ability and desire to secure a berth on a United States Ski Team
